

Build a TIE Fighter

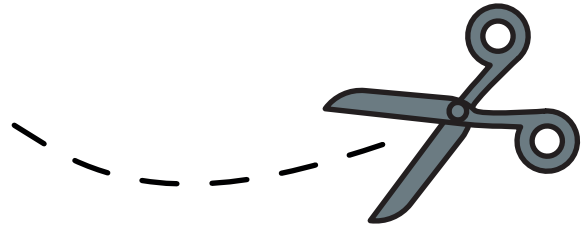

Make sure you get the help of a grown-up!

1

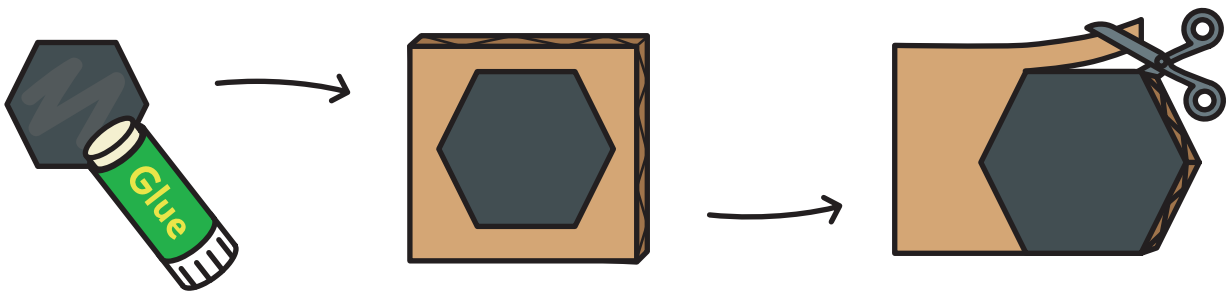

Print out the template below.

2

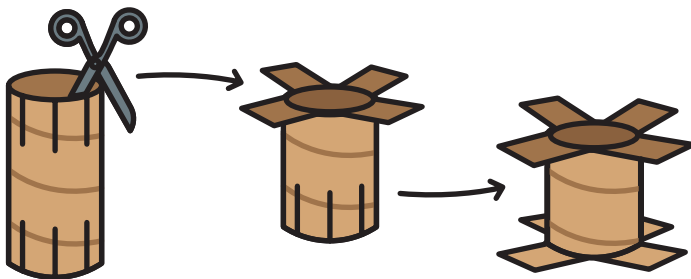

Cut out along the dotted lines with a grown-up.

3

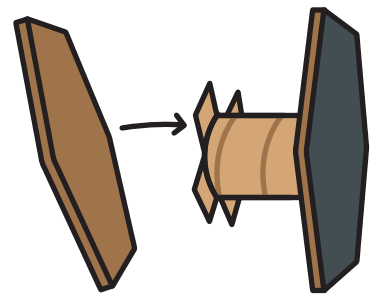

Stick the sides of the TIE fighter to some card. Cut the card so it's the same shape as the TIE fighter.

4

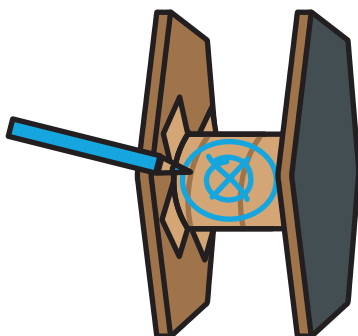

Grab a toilet roll tube and cut slits in each end. Then, fold them out.

5

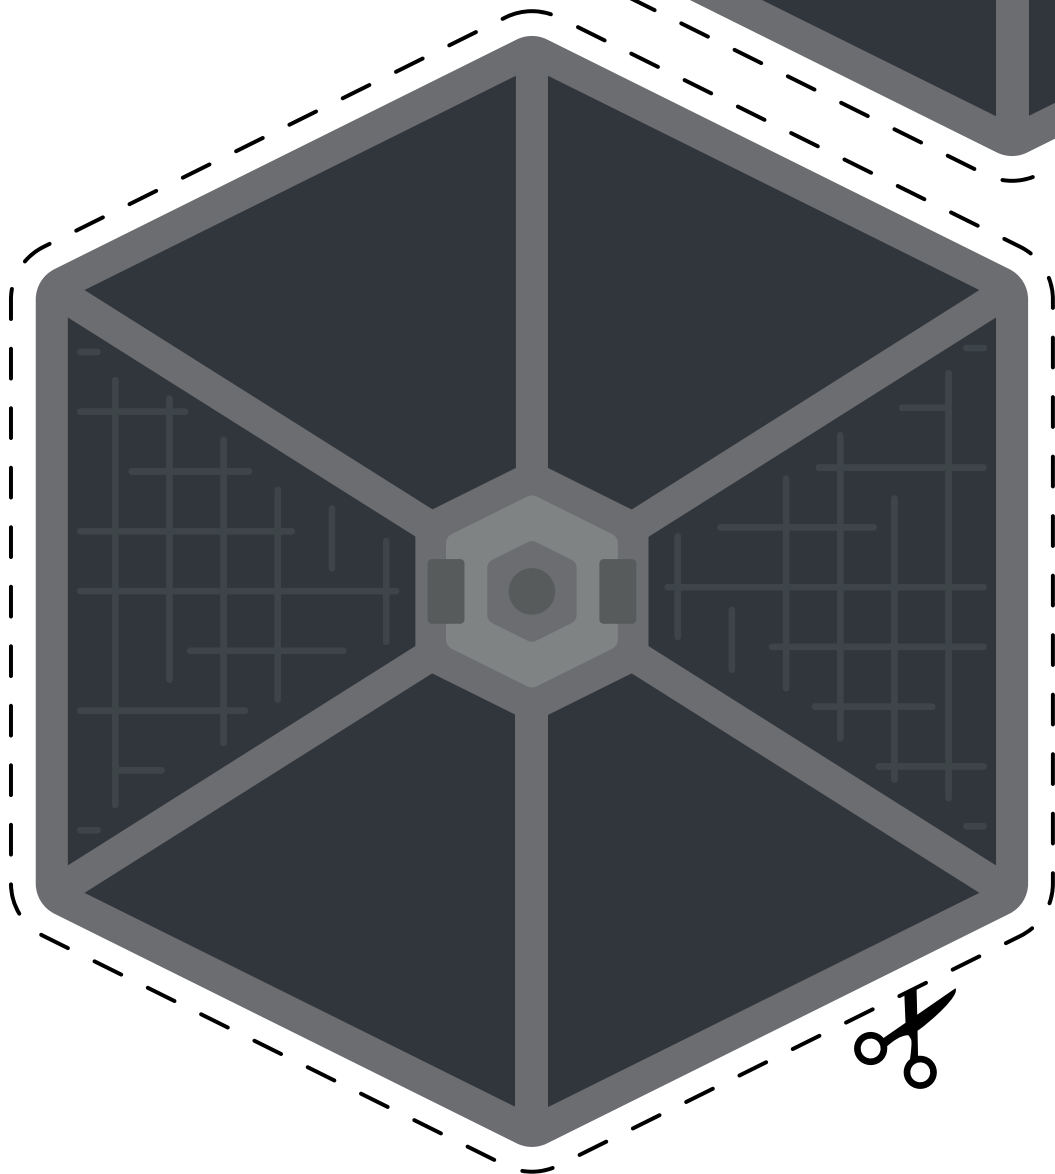

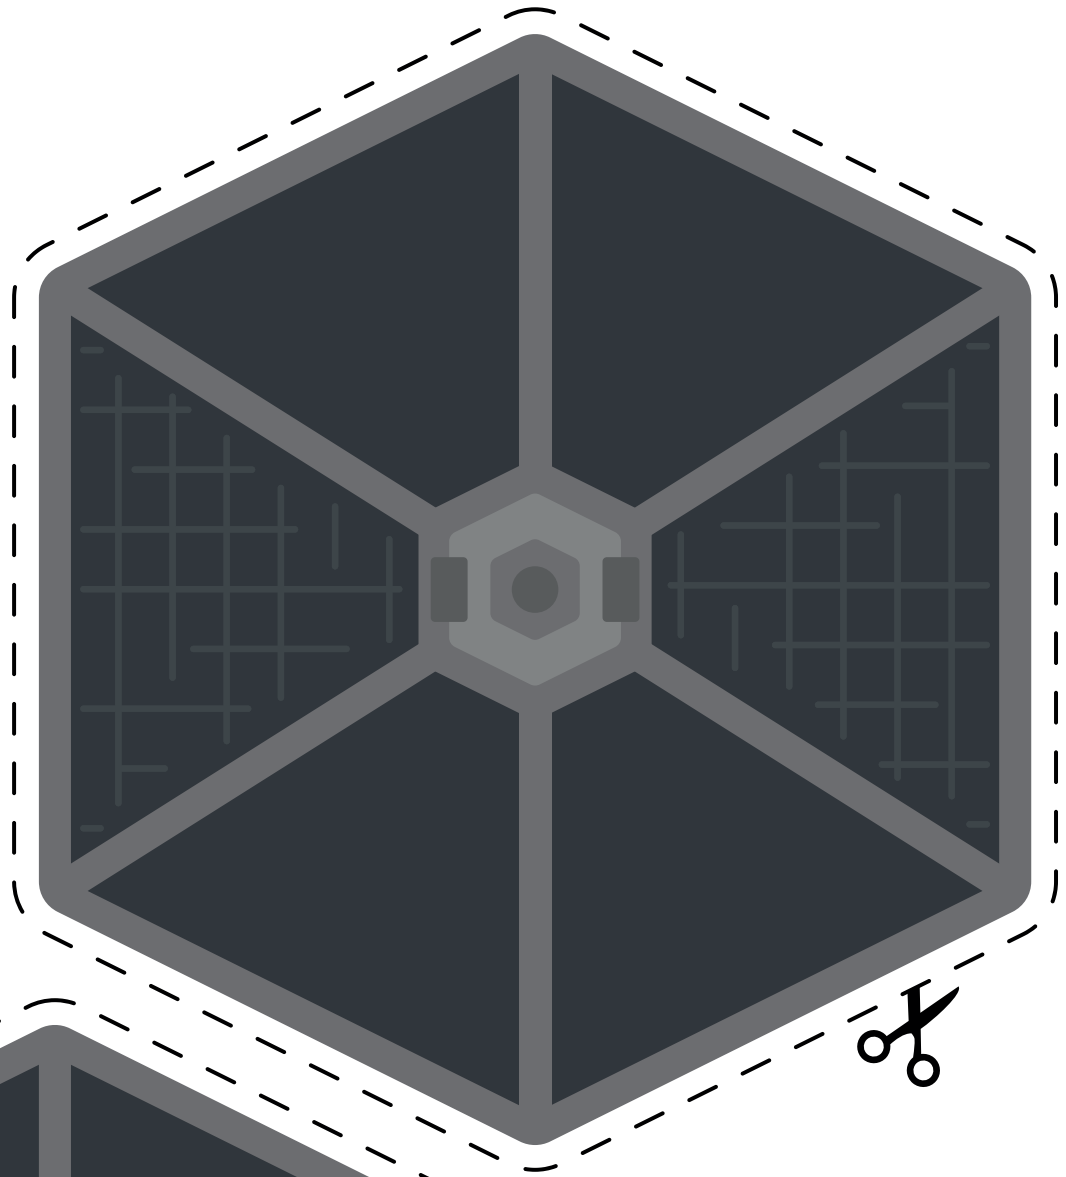

Stick the sides of the TIE fighter to each end of the tube.

6

Draw your own designs onto the tube to complete your very own TIE fighter!
